

### **OAI Electronics Supplier Diversity & Business Philosophy**

At OAI Electronics, we are strongly committed to supporting the Small Business Administration's initiatives for small business participation in federal procurements. We believe that by encouraging small businesses to offer their products and services to OAI Electronics, we will accomplish our core business strategy of improving supplier diversity and creating a distinct competitive advantage.

OAI Electronics is interested to build partnerships with high technology small businesses, including Minority Business (which include Small Disadvantaged Business and HUBZone Empowerment businesses); Woman-Owned Business; Veteran-Owned Small businesses; Veteran-Owned Small businesses (which include Service-Disabled Veteran-Owned concerns); and Native American businesses.

OAI Electronics is committed to providing the broadest possible opportunity for participation in our federal procurement to small business concerns that share our high standards of quality, service, timeliness, and safety at a competitive cost.
