EXPECT EXCELLENCE!

OAI ELECTRONICS

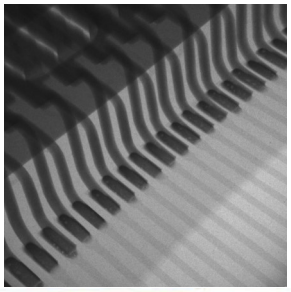

WHO OAI ELECTRONICS IS:

OAI Electronics is an ISO 9001:2015 + AS9100D registered **Contract Electronics Manufacturer** who provides turnkey manufacturing and testing services to Aerospace, Military, Medical and Industrial markets.

OAI Electronics is a "build to print" manufacturer. We specialize in the manufacture and testing of Circuit Card Assemblies, Flex and Rigid Flex Assemblies.

STRATEGY

Our strategy can be summed up in two words…
"Expect Excellence".

The "Expect Excellence" philosophy guides OAI in everything that we do; from engaging with customers to all aspects of quoting, planning, procurement, production, and testing of the wide array of products and services we pro-vide to our growing customer base.

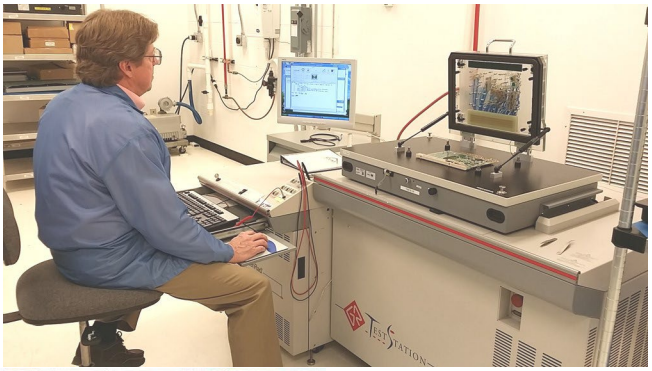

VISION

OAI Electronics will provide competitive, high quality electronics manufacturing services and individualized customer service, while encouraging employee creativity, motivation, and team work in a continuously improving environment.

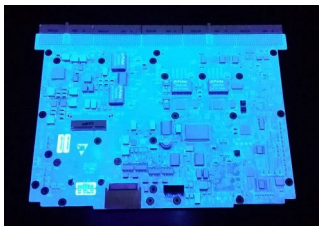

QUALITY POLICY

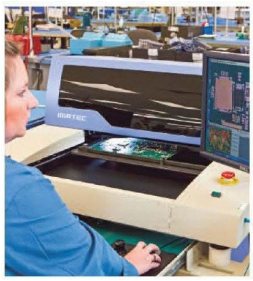

Blending the strengths of skilled employees, proven processes, continual improvement and responsive systems, OAI Electronics will provide product on time and to our customers specifications.

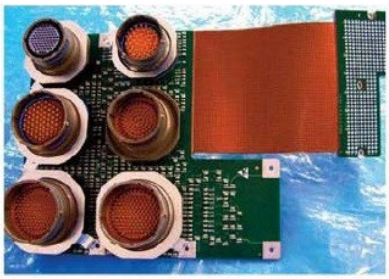

EXPECT EXCELLENCE!
